A HIGHER EDUCATION IN FRANCE:

French universities organise their courses over 3, 5 and 8 years, awarding Bachelor's Degrees (licence, L), Master's Degrees (M) and Ph.D Degrees (doctorat, D) respectively.

For all degrees, the tuition is split into terms/semesters (one student can complete 2 terms/semesters per academic year), each one corresponding to 30 credits, which can be accumulated or transferred within France and Europe.

A APPLYING FOR ADMISSION: FORMALITIES TO BE COMPLETED BEFORE YOU TRAVEL TO FRANCE

The formalities to be completed in order to come and study in France are decided nationally. You should start preparing for your stay well in advance.

You must be able to understand the French language.
Most teaching and examinations will be in French. Find out from the university of your choice the language level required (and what evidence you must provide)
+ France Education International <https://www.france-education-international.fr/>

If you are coming as part of an **exchange programme**, e.g. ERASMUS+, the BCI's PEE programme (the Quebec Student Exchange Program run by the *Bureau de coopération interuniversitaire*, formerly CREPUQ), you should ask your home university. They should find out this information from your host university.

If you are **registering individually**: procedures vary depending on your home country (EU or non-EU), the type of institution (university, school, IUT, etc.), the type of course (languages, medicine, etc.) and the level of access (Bachelor's degree (Licence)/Master's degree (Master)/Ph.D (Doctorat)).

The main procedures to be completed before admission are to submit an application for admission and to obtain a visa.

FIRST YEAR OF BACHELOR'S DEGREE AND PASS AND LAS

Warning: applications MUST be submitted by the required deadline

To apply for the first year of a Bachelor's Degree, there are two possibilities:

If you live abroad

- International students living in a country with the CEF procedure
- There is a mandatory procedure for applying online for admission (DAP procedure) on the website of the Centre pour les Etudes en France (CEF): www.campusfrance.org
This is a quick and simple process but you are required to pay a fee.
- International students living in a country without the CEF procedure
In countries where this procedure does not exist, you must complete an application form (DAP) for admission, at the cultural service of the French Embassy in the country where you live (white form).

- If you live in France: You must download the application form from the website of the Ministry of National Education (Ministère de l'Éducation nationale) (green form).
- Online, at the following address: www.enseignementsup-recherche.gouv.fr/cid24146/-dossier-vert-demande-d-admission-prealable-en-premiere-annee-de-licence.html
- On Google: search for *dossier vert*.

OTHER YEARS OF STUDY

Warning: applications MUST be submitted by the required deadline

For other years of study, (Bachelor's 2nd year, Bachelor's 3rd year, Vocational Bachelor's, Master's 1st year, Master's 2nd year, IUT and engineering degrees), those living abroad (outside Europe) must follow the "Études en France" procedure. If your country does not have this system, you should apply direct to the establishment.

PH.D STUDENTS AND ESTABLISHMENTS WITH SPECIAL ADMISSION PROCEDURES

Applications for admission should be made direct to the establishment concerned in the case of registration for:

- preparatory classes for the *grandes écoles*,
- the senior technicians section (in *lycées*),
- university postgraduate degrees,
- or any other specialist establishment and/or establishment that recruits by means of a competition or admissions panel or based on a qualification.

OBTAINING A VISA

Admission to your chosen establishment will enable you to apply for a long-stay student visa.

B OBTAINING A RESIDENCE PERMIT: FORMALITIES TO BE COMPLETED WHEN YOU ARRIVE IN FRANCE

All foreigners aged over 18 who want to stay in France for more than 3 months must have a residence permit.

▶ LONG-STAY STUDENT 'D' VISA (CESEDA R311-3 6°)

If you obtained a long-stay student 'D' visa for France from the French consulate/embassy in your country, this visa is marked 'CESEDA R311-3 6°'.

≡ on your arrival in France

Within 3 months of your arrival in France, you must validate your visa at the following address: <https://administration-etrangers-en-france.interieur.gouv.fr/particuliers/#/>

You will need:

- a valid email address
- the information stated on your visa
- to provide the date you entered France
- the address where you are living in France
- your payment card for online payment of the mandatory €50 fee

Once you have validated your long-stay visa, which acts as your residence permit, you will be given a medical check by the health service of the higher education establishment that you are registered with.

≡ Within 2 months of the expiry date of your VISA or residence permit, you must apply to renew it online at the following address:

<https://administration-etrangers-en-france.interieur.gouv.fr/particuliers/#/>

› GENERAL INFORMATION

International students with a residence permit are permitted to work for up to 60% of the annual legal working time, i.e. 964 hours per year.

› Type "C" tourist visa (short-stay):

This type of visa is intended for foreign nationals who want to enter the Schengen area for tourism purposes or to participate in conferences or other events. It cannot be used to apply for a residence permit.

› EUROPEAN STUDENTS

European students do not have to apply for a residence permit.

ACCOMMODATION:

Finding accommodation in Montpellier, Nîmes or Perpignan is not straightforward! You need to be well organised and have financial means available as described on p.24. You also need enough money to pay for temporary accommodation at the start and to pay the costs involved in finding accommodation (deposit, agency fees, guarantee, etc. see p.21).

› PUBLIC ACCOMMODATION: CROUS MONTPELLIER-OCCITANIE

CROUS offers accommodation in university halls or residences

(virtual tour at www.crous-montpellier.fr > logement > nos cités/résidences universitaires).

Renting a room in a university hall costs between €176 and €255, depending on the standard of room. Renting accommodation in a residence costs at least €310 per month, depending on the size.

1. Admission criteria

Only students who meet the following criteria will be given accommodation in a university hall:

- registered for study on a course at least equivalent to a 1st year Master's degree, or at one of the following establishments: *Grande École*, preparatory class, IUT, Senior Technician Section (not private institutions).

Individual students must include with their application a rental bond from a person physically resident in France. If the student does not have a guarantor in France, the Visale scheme can be used to provide a rental bond and to finance the deposit: www.visale.fr

2. How to submit an application

To submit an application, you first need to open an account at:

<https://www.messervices.etudiant.gouv.fr>

You can then submit an application for CROUS accommodation from 20 July at:

<https://trouverunlogement.lescrous.fr>

3. Application

You must submit your accommodation application within 7 days of receiving it, along with the supporting documents required:

- photocopy of your entire passport
- photocopy of the last qualification you gained
- photocopy of your last school attendance certificate (or if you do not have one, evidence of pre-registration at a higher education institution in France)
- email address (which must be valid throughout the academic year) must be provided. This will be used to reply to you once your application has been examined, according to the admission criteria.

Accommodation is allocated for an academic year based on the number of places available.

If you are offered accommodation by CROUS:

- When you receive your offer email, you have **48 hours** to pay the deposit online to reserve it. Keep the payment receipt, which you will be asked to produce when you sign your tenancy agreement at the international student office.
- Provide a rental bond from a person resident in France or the approval issued by the Visale scheme.

▸ DEPOSIT AND RENTAL BOND

⌘ Deposit

When you sign your rental agreement, you have to pay a deposit (*dépôt de garantie*). This is used to cover any instances where the tenant fails to meet his or her obligations (repair costs, etc.).

This deposit must not exceed one month's rent excluding charges and must be repaid within two months of the keys being returned (for unfurnished rental properties).

⌘ Rental bond

To rent accommodation you also have to provide a rental bond, which is a document signed by a person living and working in France. This person acts as your guarantor by agreeing to pay any rent that you fail to pay.

If you pay several months' rent in advance, you should ALWAYS request a receipt from the landlord.

▸ HOUSING BENEFITS

APL (Aides Personnalisées au Logement) and ALS (Allocations de Logement à caractère Social) are types of housing benefit paid by the Caisse d'Allocations Familiales (CAF). Apply online,

Montpellier: www.montpellier.caf.fr

Nîmes: www.caf.fr

Perpignan: www.caf.fr

▸ HOME INSURANCE

You must take out multi-risk home insurance when renting an unfurnished property and this insurance is strongly recommended if you are renting furnished accommodation. This insurance covers you against the risks of fire, water damage, explosions, liability, theft, etc.

Besides the traditional insurers (insurance companies and mutuals), some banks also offer insurance at prices compatible with student means.

French law requires that international students demonstrate that they have sufficient resources to cover living costs of €615/per month.

The existence of these resources can be proven by:

- Evidence of grant award,

- Bank statements for the last three months showing the monthly payments (€615/month) or a stamped and signed bank statement dated in the last three months showing a credit balance equal to at least three months of the required resources.

The amount of €615 per month is a minimum. The first month can cost up to €1,800 (deposit for accommodation, insurance, mutual contribution, etc.).

The cost of registration at the university varies depending on the level of study: €170 for bachelor's degree courses, €243 for master's degree courses, €380 for Ph.Ds, €601 for students at schools of engineering (2022/2023 rates).

Student and Campus Services Contribution (CVEC)

Since the start of the 2018 academic year, all students doing their first course at a higher education institution have been required to obtain a certificate showing that they have paid their student and campus services contribution (CVEC), which is payable only once, regardless of the number of courses they take. This fee contributes to support and social welfare, health, culture and sport services for students. The contribution is €95 and must be paid before you register for your course.
